

Celldex Therapeutics Announces Pricing of Upsized \$250 Million Public Offering of Common Stock

July 14, 2021

HAMPTON, N.J., July 13, 2021 (GLOBE NEWSWIRE) -- Celldex Therapeutics, Inc. ("Celldex" or the "Company") (Nasdaq: CLDX) today announced the pricing of an underwritten public offering of 5,952,381 shares of its common stock at a public offering price of \$42.00 per share. In connection with the offering, Celldex has granted the underwriters a 30-day option to purchase up to an additional 892,857 shares of common stock at the public offering price, less underwriting discounts and commissions.

Jefferies, SVB Leerink, Guggenheim Securities and Cantor are acting as the joint book-running managers for the offering. LifeSci Capital LLC and H.C. Wainwright & Co. are acting as co-lead managers for the offering.

The Company expects to receive gross proceeds from the offering, excluding the exercise of the underwriters' option, if any, of approximately \$250 million, excluding underwriting discounts and commissions and other offering-related expenses.

Celldex intends to use the net proceeds from the offering to continue clinical and preclinical development of its product candidates, including current and future development of CDX-0159, growing its bispecific antibody platform and clinical candidates, funding ongoing efforts to develop additional clinical pipeline products and for general corporate purposes.

The offering is expected to close on July 16, 2021, subject to customary closing conditions.

The securities described above are being offered pursuant to a prospectus supplement and an accompanying base prospectus forming part of a shelf registration statement on Form S-3 (File No. 333-249917), which was previously filed with the Securities and Exchange Commission ("SEC") and deemed effective on November 6, 2020.
